individually. Only buy what your business needs.

The program, designed to operate in the Windows 95 environment, comes on CD-ROM.

■ ■ ■  
**BROTHER  
EMBROIDERY  
SYSTEMS**

The unique Brother  
BES-100E Embroidery  
Software offers  
technology to  
exercise creative  
talents to the utmost.

Think of the possibilities... take a graphic image and quickly create embroidery designs. Once Brother's innovative technology takes over, there's little guesswork, less trial and error.

■ ■ ■  
Plus, it's so easy to use, even inexperienced users turn out designs and lettering almost immediately.

■ ■ ■  
Each product — from design to assembly to completion — is carefully inspected to ensure trouble-free performance. Today, Brother is one of the world's largest manufacturers of sewing and embroidery machines for both home and commercial use.
